EXPERIENCE

Collabera - Essilor, Alabang, Muntinlupa City — Senior Analyst Programmer

Sept 2022 to Present

Created data models to support decision-making processes.

Developed comprehensive risk management strategies to minimize potential losses and safeguard business interests.

Utilized data visualization techniques to present and explain complex data sets.

Generated ad-hoc reports to evaluate specific business requirements.

Investigated system issues and implemented resolutions to reduce downtime.

Nurtured strong working relationships with clients, ensuring their needs were met while exceeding expectations on deliverables.

Optimized core processes to improve business performance and operational agility.

Teknovarik Inc., Valenzuela City — Fullstack Developer, Project Support, DevOps

Jun 2021 to Sep 2022

Built interactive prototypes for client approval using wireframing tools such as Corel.

Optimized web applications for speed, scalability and security.

Reduced load times by optimizing images, code minification, and implementing caching techniques.

Worked closely with UX/UI designers to translate complex designs into functional web pages without compromising aesthetics or usability.

Spearheaded production of page content such as visuals and text copy to meet project specifications.

Maintained consistency in branding across multiple platforms by developing reusable UI components.
